lindsay.bradford@gmail.com

I am a front-end developer/designer that loves working with HTML5, CSS3, SASS, Photoshop and JavaScript Frameworks. I also have some experience working with PHP, JSON, LESS, several CMS, and other technologies. I thrive on building from PSD to code conversion sites. I make use of cross platform compliance development, responsive design and web standards, user experiences and user interface design. I am ultimately seeking a position as a Front End Development, Web Design, UX/UI, Web Producer.
